The University of Nicosia cordially invites to the short-conference:

THIRD LICENSING ROUND: GAME-CHANGING POSSIBILITIES

Thursday, June 9, 2016

16:00-19:00

UNESCO Amphitheatre, University of Nicosia

The programme in Oil & Gas Engineering, at the University of Nicosia, in collaboration with the Ministry of Energy (MECIT) and the Technical Chamber of Cyprus (ETEK) cordially invite you to a short-conference regarding Cyprus' Third Licensing Round for Hydrocarbons.

Among else, the conference will examine joint operation agreements between states and companies, the geology of carbonate plays, the implications from the collapse in oil prices, the role of engineers in realizing energy projects as well as the prospects of discovering more gas in the Cypriot Exclusive Economic Zone (EEZ).

Mr. Lakkotrypīs, Minister of Energy (MECIT) will deliver a keynote talk. Distinguished speakers from the oil & gas industry, who will speak at the conference, include Mr. Theo Kontou, Senior Engineer Consultant at Shell (Gabon), Mr. Roger Thorne, veteran of the petroleum industry as well as academics. The conference will be held on Thursday June 9th, 2016, at the UNESCO amphitheatre at the University of Nicosia. Attendance is free. The event will be delivered in English.

For more info and reservations please contact, via e-mail, Ms. Charis Iacovidou at iacovidou.c@unic.ac.cy or visit www.carbonlab.eu

16:00-16:15	Opening Remarks
	Opening Remarks, Prof. Constantinos Phellas, Vice-Rector for Faculty and Research, University of Nicosia
	Cyprus Scientific and Technical Chamber (ETEK)
	Welcome Note, Dr. George Gregoriou, Dean School of Sciences & Engineering, University of Nicosia

“Third Licensing Round: Game-Changing Possibilities”	
16:15-16:40	“The Low Oil Price Landscape and Eastern Med Energy Developments,” Dr Constantinos Hadjistassou, University of Nicosia
16:40-17:05	“Geology of Carbonate Reservoirs,” Dr Ernestos Sarris, University of Nicosia
17:05-17:45	“Topic to be announced,” HE Giorgos Lakkotrypis, Minister of Energy (MECIT), Republic of Cyprus
17:45-18:10	“Joint Operating Agreements– the Basis for Sharing Risk and Reward in an Upstream Joint Venture,” Mr. Roger Thorne, O&G Industry Veteran
18:10-18:35	“Engineer as Manager, Turning Ideas into Reality,” Mr. Theo Kontou, Senior Engineering Consultant, Shell (Gabon)
